Description

Scenario Outline: Validating Start Convo with a Buyer and Quote creation as a HAT Seller from the conversation popup

Given I am logged in as a HAT Seller with username <username> and password <password>
 When I enter a Search Term <Search Term> in the search box on home page
 And I click on Search button
 And I click on checkbox on the first item from the Search Result
 And I click on the Send Convo To Buyer button
 And I enter <username_B2B> in Customer email address field
 And I click on Start Conversation
 And I enter a <message> in the pop-up
 And I click on the preparequote button
 And I am redirected to prepare quote screen
 And I enter an Amount <amount> in the text box next to dollar symbol
 And I enter message <message> and click on Send Quote button
 Then I must see a pop-up with the message <MessageConfirmation> appear on the screen
 And I must see the <standard quote msg> get updated in the Conversation thread when I click on the View Conversation button in the pop-up

Examples:

username	password	Search Term	username_B2B	password_B2B	message	amou
